# ArcGIS for Server Kickstart
## Your maps, your way

Cloudpoint Geographics Kickstart Packages are short-term, high-impact services that provide knowledge transfer, best practices, and consulting support on a variety of Esri products and GIS management tasks. Take your Enterprise GIS capabilities to the next level with ArcGIS for Server. Go even farther with a cross-platform solution when you can integrate it with your ArcGIS Organizational Account.

## What do you get with an ArcGIS Server Kickstart?

✓ Installation of ArcGIS Server version 10.3 including Portal for ArcGIS on Windows Server platform version 2008 R2 or 2012 R2, preferably using Active Directory.

✓ Configuration with ArcSDE and guidance with migrating existing data into SQL.

✓ Versioning of Geodatabases (if applicable) and enable editing rights of those versions.

✓ Creation of at least 3 working web services for internal use connected to SDE data.

✓ Basic Set-up of Portal for ArcGIS (no customization).

✓ Deployment of 3 internal web maps using web services and 2 web apps.

✓ Knowledge transfer for administering ArcGIS Server on a basic level.

Fixed Price: $5,000.00
Recommended 2-3 days onsite based upon Client size
